

04 - LOVE DREAM - Thunder

Well never have I seen a girl like you
Well maybe its a love dram that I'm in
So pinch me if I'm sleeping when the wave comes
Falling into easy I become one,

With you
And I feel so true
I fall into you
You know that I do

Well feeling all the good vibes
that you're giving off to me daily
So stay close to me and I be fine
This feeling that I'm feeling, want to rewind

Back to you
And I feel so true
I fall into you
You know that I do

With you
And I feel so true
I fall into you
You know that I do
